Introduction

The remuneration disclosure concerns the remuneration of the executive directors, the supervisory directors and the (other) employees of the ASR Group who are designated at 'identified staff' in accordance with the Restrained Remuneration Policy Regulations 2021.

The ASR Group consists of various financial undertakings and can be divided into 2 subgroups.

1. Undertakings that apply the harmonised employment conditions schemes of ASR Nederland N.V. (hereinafter: 'a.s.r.').
2. Undertakings that apply their own employment benefit schemes¹:
 - Van Kampen Groep Holding B.V. (and its subsidiaries) (hereinafter: 'VKG')
 - PoliService B.V. (hereinafter: 'Poliservice')
 - Dutch ID B.V. (and its subsidiaries) (hereinafter: 'Dutch ID')
 - Certitudo Investments B.V. (and its subsidiaries) (hereinafter: 'Supergarant')
 - Van Helvoort Registermakelaars in assurantiën B.V. (hereinafter: 'Van Helvoort RMIA')
 - Assurantiëkantoor Lodewijk B.V. (hereinafter: 'Lodewijk')
 - Corins B.V. (hereinafter: 'Corins')

The contents of this remuneration disclosure apply to both subgroups, unless explicitly stated otherwise.

1 VKG, Poliservice, Dutch ID, Supergarant, Van Helvoort RMIA and Lodewijk belong to D&S Holding B.V.

1. Governance

The governance of the remuneration policy is included in the remuneration policies of the various undertakings within the ASR Group.

a.s.r.'s Remuneration Committee consists of three members: In 2022, the composition was as follows:

- Gisella van Vollenhoven (chair)
- Herman Hintzen
- Joop Wijn

The meetings are attended by the chairman of the Executive Board (except if the Executive Board itself is involved), the Human Resources Director and the company secretary. For specific topics, the expertise of independent advisors will be used. In 2022, external advisors were engaged for an evaluation and update of the remuneration policy and remuneration benchmarks. The Remuneration Committee met seven times. It reports on its activities each year in the a.s.r. [Annual Report](#). For more information on the Remuneration Committee, reference is made to the a.s.r. Supervisory Board [Regulations](#).

2. Remuneration policy ASR Group

2.1 Principles

Chapter 1.3 of the published [remuneration policy](#) of the ASR Group includes the principles that are taken into account. On the basis of these principles, goals are formulated in the field of individual performance and required conduct.

2.2 Main features of the remuneration system

2.2.1 Fixed remuneration

The fixed income is determined by the level of the position and the associated salary grade. Within the legal frameworks, the increase of fixed remuneration is linked to the assessment of the overall performance of the job.

At a.s.r. and Poliservice, salary increases do not depend on performance. The annual salary increase at a.s.r. and Poliservice amounts to 3% of the maximum of the salary scale (part-time pro rata) in the calendar year preceding the year of granting, as long as there is room in the salary scale (and provided the employee joined the company before 1 July of the previous year)².

2.2.2 Variable remuneration

In line with the remuneration policy, the remuneration of our staff consists of fixed remuneration only, with the exception of an occasional/specific form of variable remuneration: the incidental bonus and some other forms of occasional variable remuneration, granted in line with legislation and regulations. The malus and claw back are applied when appropriate.

Below, the additional company-specific agreements are explained in more detail.

² For the Executive Board, the Supervisory Board has the option of adjusting this growth path slightly upwards or downwards in exceptional circumstances (an increase of 0% to 6%, provided there is room in the scale). In doing so, the Supervisory Board will take into account the performance of a.s.r. and the principles laid down in the remuneration policy. The Supervisory Board will account for this in the annual remuneration report.

Dutch ID

Specific employees within Dutch ID are eligible for variable remuneration, in line with legislation and regulations. This is the result of an acquisition, whereby the rights (and obligations) of transferring employees must be honoured. The intention is to convert this scheme into a fixed component.

Supergarant

Specific employees within Supergarant were still eligible for variable remuneration in the first six months of 2022, in line with legislation and regulations. This is the result of an acquisition, whereby the rights (and obligations) of transferring employees must be honoured. As of 1 July 2022, this scheme was converted into a fixed component.

3. Other non-cash benefits

a.s.r.

In accordance with the pension commitment to all a.s.r. employees, the employees belonging to the identified staff also have a pension commitment based on a defined contribution scheme as of 1 January 2021. The retirement age is 68 years. The pensionable annual income is capped at € 114,866. Granting discretionary pension is not possible at a.s.r. Employees whose pensionable income exceeds the specified maximum and are in scale 12B, AM-12 or 13 or above, are offered a Net Employee Pension Plan. Participation in this Plan is voluntary.

Following legislation on the adjustment of tax treatment of early retirement, pre-pension and life cycle schemes (VPL legislation), a.s.r. eliminated all pre-pension elements from its pension schemes in 2006. Employees who joined the company before 1 January 2006 have initially been compensated for this through optimisation of the accrual percentage and the state pension (AOW) offset. If this compensation proved inadequate, these employees were granted a VPL supplement, the amount of which varied according to their age and original pension commitment. The VPL supplement for all employees who joined the company as of 1 January 2006 was 1% of the pensionable income.

Furthermore, a number of additional secondary employee benefits apply, such as the lease car scheme. For more information on the remuneration policy, please refer to the accountability in the [Annual Report](#) in the sections Creating a vital and futureproof workforce and Remuneration report.

D&S entities and Corins

All employees have a pension commitment based on a defined contribution scheme. The retirement age is 68 years. The pensionable income is capped at € 114,866. Granting a discretionary pension is not possible. Furthermore, a number of additional secondary employee benefits apply.

4. Quantitative information

4.1 Identified staff

All employees whose professional work can influence the risk profile of the a.s.r. organisation are designated as identified staff.

The amounts of the employees are added up in the tables below and the total amount is shown. The employer's contribution to the pension premiums is not included in determining the total fixed remuneration. For this population, there was no reason to apply the malus or claw back in 2022.
